# Thame Country Fair

Easter Sunday and Monday – April 5<sup>th</sup> & 6<sup>th</sup>

## Stand Details for Thame Country Show:

One of our longest running events returns this Easter, a popular event set in Thame, Oxfordshire.

### Ground Space

All Ground Space options have 6m depth with a further 6m for vehicles including vans and caravans. You must stay within your permitted area and do not encroach onto your neighbours stand.

#### New – 3m Frontage.

This is aimed at smaller independent traders that wish to use their own sign written gazebos, marquees or exhibition units instead of our aluminium frame shedding units. This option is only available on ground space - C. Please note that this option requires equipment that can withstand adverse weather conditions and must be accompanied by relevant documentation and risk assessments.

**Please Note: We DO NOT provide Electric for outside ground space**

### Shedding Units

They are individual units (usually 3m bays) that are open fronted facing main walkways with divides between you and your neighbour. Parking is directly behind the unit, a single unit will fit one vehicle a double unit two, all other vehicles to be sited in exhibitor parking areas within the show.

The 6m shedding will be guaranteed main walkway / arena frontage.

**Shedding 1** – Stand is built inside marquee

**Shedding 2** – Marquee is set back 2m giving 2m depth in front of stand for extra selling space. This has proved popular with clothing stands and garden stands where stock is placed outside in front of the stand. This must not exceed the boundary (2m)

**Shedding D** – is in the Dog area for dog related stalls and exhibitors only.

#### New for 2026 Shopping / Gift Marquee

Due to its success in the Christmas Event, we are reintroducing the shopping / gift marquee. This will be dedicated to smaller traders in a marquee set up similar to the Craft marquee and Food Halls.

This is space only but includes power during show hours only.

## Catering Concessions at the Sandringham Food, Craft and Wood Festival

### The Piazza

The Piazza is a special area within the Food Festival, it has large areas of open and covered seating where visitors can relax and eat. To complement all the good food, there's a large selection of beverages available: wine, champagne, cocktails, real ales, ciders and perries. There's something to suit everyone's taste, so chill out and soak up the atmosphere whilst listening to the background music of Jazz and Folk.

**Catering Concessions by way of tender – Please see separate tender form and electric supply booking form.**

**Please Note:** See terms and conditions for all booking information and guidance. All signed tender forms (accepting terms & conditions) to be completed and returned with all other relevant information including Risk Assessments, electrical Risk Assessments and in date Public Liability. All tenders will be subject to VAT at the standard rate at the time of the invoice.

25% deposit required on acceptance with the remaining balance due one month prior to the event.

## Stand Types

- **Gift Marquee** – Similar to our food halls and gift marquee the food halls will be a large Aluminium Frame Marquees housing a number of trade stands together. At our events there is usually two or more craft marquees of various length depending upon the show. There may be ten to thirty stands in each marquee.  
Stands are usually in rows therefore you may have a neighbour either side of you. Stand sizes start at 4m frontage by 2m depth for a standard unit, 6m frontage for a large unit and 8m frontage for an extra-large unit and includes a power point (13amp).  
Depending on the width of the marquee depends upon the layout inside in a 9m wide marquee stands are down the outside backing onto a wall. However, where wider marquee is used then stands may be back-to-back in the centre therefore your stand may be in the middle (non-wall backing).
- **Demonstration Marquee** – Usually an open fronted marquee facing one of the walkways in the Craft Village. This marquee is dedicated to traditional crafts and craftsmen showing their skills at work and not for retail purposes. Stand sizes offered here are 6m frontage by 2m depth and may have up to ten demonstrators, option available for your own marquee or ground space if required. Please contact the office for further details.
- **Ground Space** – Most popular type of trade stand at our events. It is simply what it says. For those who wish to use their own gazebos please book the space required. Contact the office for further details. Please keep within your allotted space and do not go over into your neighbour's space. Please remember that in front of your stand is the public walkway so try not to drive on this or in front of other stands to keep this in good condition for your customers.

Please note: We DO NOT provide Electric for outside ground space

- **Shedding Units** – This is a long (or short row depending on number) of exhibitors in an open fronted marquee that is sub-divided to give individual units. They vary in sizes starting from a 3m x 3m (which is popular) up to a 18m x 6m and are available in any multiples of 3m. They are open fronted facing main walkways within the show, shedding is available in all three main areas of the show – trade areas, craft village and the food section.  
Exhibitor parking is usually available behind the shedding units although space may be limited depending on the size of shedding ordered. A 3m x 3m will only give one vehicle parking space, while a 6m frontage or greater will allow two or more and often this can include a trader's van and caravan. Extra exhibitor parking will be available in other areas inside the show so if you are in doubt please ask one of the security or stewards on site.

**Shedding 1** – The shedding units / marquee is situated on the trade line. Exhibitors must set up there stand within the unit / marquee. There is no space in front for parts of your stand / goods. This is a public walkway and security will remove any obstacles in the way.

**Shedding 2** – For those that wish to set up both inside and in front of their unit this option is for you. The marquee / units are set 2m back off the trade line giving you an extra 2m in front for your stand. An example of this being a clothes stall putting a clothes rail outside within the 2m.

Above: Shedding units 3m depth

Above: Large Shedding units 6m depth

- Gift Marquee** – Similar to our craft marquees and food halls the gift marquee will be a larger marquee housing a number of trade stands together. In here there may be several, or more other stands, ranging from clothing, jewellery, gifts, charity and information stands. Stands usually go down the sides of the marquee in rows therefore you may have a neighbour either side of you. Stand sizes start at 4m frontage by 2m depth (except Sandringham Christmas where 3m depth is offered) and includes a power point (13amp). Some of the events last year the gift marquee ranged from a 60 x 30(ft) to a 120 x 30(ft) and a 220 x 40(ft) at the Christmas event.
- Log Cabins** – Only available at the Sandringham Christmas Craft, Food and Gift Fair in November. A new feature added to the event in 2022 these are a popular choice for any Christmas event. There are three sizes a 3m x 2.4m log cabin with wood floor, a 2.4m x 1.9m log cabin with wood floor and a 6m x 3m frame marquee with wooden sides and floor, wooden front gable and marquee roof.
